

To owners of Fiat 500, Topolino 1936 - 1955. (Address source, Swedish Transport Agency/car register.)

Fiat Topolino 85

Scandinavia

Background

We are some enthusiasts who have the ambition to develop and take advantage of the interest, community and knowledge of Fiat Topolino and its history. So even when it comes to support, renovations and access to travelparts to keep the cars rolling and reliable as well as have a nice time together!

According to the Swedish Transport Agency, which is the address source for this letter, there are currently 221 registered Topolino in Sweden and probably another 50 unregistered in varying condition.

Our intention is to set up a register for all Topolino in Scandinavia, "**Fiat Topolino Register Of Scandinavia**", in order to easily communicate with each other, without any costs. We also want to be able to follow the cars when changing ownership.

We do everything privately on an individual basis and without any fees. In order to be able to set up a register of personaldata, your approval is required by the Data Act (GDPR). The register will contain the owner's name and address as well as the Swedish Transport Agency's official information about the car. In addition to your approval, we also need your email address and phone number.

We hope you find the above interesting and ask you to confirm that we may put you and your Topolino in this register. Only those who confirm will be entered in the register and the others in the Swedish Transport Agency's address source will be deleted/deleted. No resale disclosure of addresses will take place, but the register is only for communication as described above.

Confirmation emailed to Paul Österberg: pauost@yahoo.se or Urban Dahl: kajutan2@gmail.com

The confirmation should include, your approval, name, registration number of the car/cars, email address and mobile number.

Fiat Topolino Register of Scandinavia

... is the name of Registret, which is also the name of our Facebook page with address www.facebook.com/groups/topolinoscandinavia/ We would like you to join the Facebookpage as we will use the page as a platform for communication and information in the future. Here you can also make your own posts such as questions, buy & sell, tips, pictures, meetings, renovations, travel and happy calls etc. Facebooksidan should be seen as an open channel for those of us who ride Fiat Topolino and where we share the interest with each other. Topolino owners in Norway, Finland, Åland and Denmark are also welcome.

Invitation to Topolino Träff – 85th Anniversary

We would like to invite you and all Topolino owners to a joint meeting this summer in the idyll of Ulricehamn by the beautiful lake Åsunden in Västergötland, 9 – 11 July 2021. It was on 15 June 1936 that Topolino was launched in Turin and it will be almost on the day 85 years ago, when we meet this summer.

We think it would be nice if as many people as possible could come to the meeting – it is also an 85th anniversary! As far as we know, this is the first Topolino meeting in Sweden where all Topolino are invited. Surely it would be a great manifestation if we were to become a large number of Topolino - the day in honor! 85 topolino on the 85th anniversary would be a dream but may not be realistic... We will film and photograph all topolino as a memento of the hit. Movies and pictures will be posted on the facebook page.

Some 25 Topolino have changed hands over the past 1.5 years due to generation change and more than 10 "new" cars that have not been on the roads since the 1950s/60s have come out again after extensive renovations. The invitation is aimed at both new and old Topolino owners, everyone is welcome, regardless of model and condition!

For many, it can be a long way but why not take the car on the car or trailer if you feel unsafe. Cars during renovation, not executable or not finished etc, so you are also welcome. "Everyone should bring – with or without a car. "There will be several talented enthusiasts to consult at the meeting on both technology, spare parts and renovation tips.

In the museum's conference room we will give three lectures about Topolino.

1 "Topolino – a real long-distance carriage"

Mats Thornqvist, tells and shows pictures from his Topolino trips to Italy, around Europe but also from longer trips in northern Sweden and Norway. Mats has been driving Topolino since 1967 and has just over 330000 km behind the Topolino steeringwheel...

2 ." Topolino – maintenance & renovation"

Uno Karlsson, Topolinoakuten Huskvarna, talks about how we should maintain our Topolino, what we should watch out for and many other tips and ideas on how to renovate, improve the car and get it reliable as a "long-distance car". Uno knows Topolino!

3. "Spare Parts & Accessories"

Urban Dahl, Topolino Garage, brief information about what is available both as new and used spareparts and where to buy. Similarly, documentation such as spare parts

catalogues, workshop manuals, etc. Basically everything is available so use your Topolino - even as a long-distance car – spare parts are available!

At 1530 approx. Display of the vehicle museum incl. guided tour. The museum has about 60 vintage cars, a large amount of motorcycles and mopeds as well as other interesting vehicles. The museum is very worth seeing! Entré 80kr.
